- Cost:** **\$85 Members, \$108 Non-members. Lunch included.**
- Instructors:** Ray Morang (E.J. Prescott)

Agenda: Electrofusion is a method of joining MDPE, HDPE and other plastic pipes using special fittings that have built-in electric heating elements which are used to weld the joint together. Butt fusion is a thermofusion process which involves the simultaneous heating of the ends of two pipe/fitting components which are to be joined, until a molten state is attained on each contact surface. During this training we will review the steps involved in each process including machine set-up, preparing the pipe, welding, and final cooling. We will also discuss what operators should consider in terms of materials before starting a pipe fusing project.

Registration: There are three ways to register: register and pay on our website: www.granitestatewater.org. Fill out this form and mail it with your payment to GSRWA, PO Box 596, Walpole, NH 03608; or fill out this form, request to be billed and fax it to (603) 756-3675.

Cancellation Policy: If you need to cancel, please contact GSRWA in writing at least three business days prior to the day of the course, or be charged a \$30 late cancellation fee. If you do not attend the course and do not contact GSRWA, you will be charged a "No Show" fee equal to the original course registration fee. The No Show fee is non-refundable and non-transferable. Written request for refunds/credits will be considered for special circumstances provided that the request is received within two weeks of the training date.

PAYMENT MUST BE RECEIVED IN FULL PRIOR TO CLASS. NO WALK-INS PLEASE.

Any Questions, please call (603) 756-3670 x 4.

Note: Please refer to our website for the most current information.
