

Generator System Maintenance

a 2TCH Webinar

Date: Tuesday, December 1, 2020

Platform: Zoom Meeting Webinar

Time: 9:30am – 11:45am (*Please log in before 9:25am*)

Credit: 2 TCH's will be awarded to those who attend 100% of the course.
NH DES water and wastewater credit approved.

Cost: **\$28 members / \$36 non-members**

Instructors: Michelle Hilger (Powers Generators) and Shawn Creegan (Powers Generators)

Agenda:

This course will give you an in-depth look at generator system maintenance. We will guide you through the ins and outs of inspections and testing, load banking, remote monitoring, and more. You will learn what to look for in a qualified service provider, what it means to be "EGSA Certified," and see if your facility stacks up with the current NFPA 110 requirements.

To Register: Please visit our website GraniteStateWater.org and click on the training page under the service tab. **Please sign-up before 10:00am one day prior to class.** Attendees will receive an email with a link to the meeting one day prior to the class.

IMPORTANT – Do not mail in registration. Please email Heidi@granitestatewater.org if you need help with signing up.

For Further Assistance: Please email info@granitestatewater.org or call 603-756-3670.

ALL ATTENDEES MUST SIGN UP PRIOR TO JOINING THE WEBINAR.
