

PFAS: New Regulations & Funding Options

a 3TCH Webinar

Date: Thursday, October 8, 2020

Platform: Zoom Meeting Webinar

Time: 8:30am – noon (*Please log in before 8:25am*)

Credit: 3 TCH's will be awarded to those who attend 100% of the course.
NH DES water and wastewater credit approved.

Cost: **\$35 members / \$50 non-members**

Instructors: Anthony Drouin (NHDES) Randal Suozzo (NHDES), Amy Rousseau (NHDES),
Misty Sinsigalli (USDA)

Agenda:

Wastewater -The Residuals Management Section of NHDES will take you through their PFAS Sludge Quality Certificate sampling investigations, and a step by step training on the sampling SOP they have followed. There will be an update on where the NHDES is with PFAS regulations, and the up and coming projects that will assist them in determining a PFAS sludge standard.

Drinking Water -After an overview of prospective contamination sources, different drinking water treatment options of PFAS are presented for large and small water systems. There are several different treatment options being implemented throughout the country and the world, which can be compared to what we are doing here in New Hampshire.

Funding Options -Attendees will be given an overview of RSA Chapter 485-H PER AND POLYFLUOROALKYL SUBSTANCES (PFAS) FUND AND PROGRAMS recently signed into law and the associated PFAS Remediation Loan Fund (PFASRLF). Specifics of the loan program and how to apply will be discussed. In addition, a USDA representative will offer additional funding options through their organization.

To Register: Please visit our website GraniteStateWater.org and click on the training page under the service tab. **Please sign-up before 10:00am one day prior to class.** Attendees will receive an email with a link to the meeting one day prior to the class.

IMPORTANT – Do not mail in registration. Please email Heidi@granitestatewater.org if you need help with signing up.

For Further Assistance: Please email info@granitestatewater.org or call 603-756-3670.

ALL ATTENDEES MUST SIGN UP PRIOR TO JOINING THE WEBINAR.
