NH DES Water credit approved.
NH DES Category approved for: Technical
Cost: $66 Members, $88 Non-members. Lunch included.
Instructor: Paula Jackson, Earth Water Specialists, Inc.

Agenda:
Corrosion control is an issue in every water system. This course explores the many types of corrosion and issues caused by it. The source of your water may be the issue, or maybe it is a distribution problem. We will look at corrosion from source to the tap of your consumers. The chemistry behind corrosive water is an important basis for looking at treatment options and maintenance procedures. Often corrosive water is detected in lead and copper sampling. We will look at the lead and copper rule, and how it affects your water system. The process in dealing with a lead copper exceedance can be overwhelming. We will look at the steps to bring your water system back into compliance and providing safe water to your consumers again. This process may consist of installing treatment for your water system. Corrosion control treatment, maintenance, reporting and safety will be discussed.

Registration: There are two ways to register: by internet or by mail. To register by internet and pay using PayPal go to our website: www.granitestatewater.org. To register by mail, fill in the attached form and mail it with your payment to: GSRWA, PO Box 596, Walpole, NH 03608

Cancellation Policy: If you need to cancel, please contact GSRWA in writing at least three business days prior to the day of the course, or be charged a $30 late cancellation fee. If you do not attend the course and do not contact GSRWA, you will be charged a “No Show” fee equal to the original course registration fee. The No Show fee is non-refundable and non-transferable. Written request for refunds/credits will be considered for special circumstances provided that the request is received within two weeks of the training date.

PAYMENT MUST BE RECEIVED IN FULL PRIOR TO CLASS. NO WALK-INS PLEASE.
Any questions, please contact Holly Cadwallader at (603) 756-3670, ext. 4
